The Senatorial Contest.

Our dispatch from Salem, published under the appropriate head this morning, announces the election of Hon. George H. Williams, of Portland, to the United States Senate for six years. The contest was brief, and the result is a deservedly high compliment from the Union men of Oregon to our distinguished fellow-citizen. Aside from the unwavering confidence exhibited in the wisdom of the present Administration by the selection of one of its warmest and ablest supporters, the election of Judge Williams is a scathing rebuke of the time-serving policy of those who have sacrificed the best interests of the State and set at defiance the expressed wish of the people in recommending and securing Congressional legislation for the benefit of the few and to the detriment of the masses. What is more significant, a [illegible] vote upon joint ballot was cast for residents of Portland, thus virtually endorsing the action of the first Legislature in its recommendations to Congress in favor of this place, and implying a wish that by the selection of a Senator from this point, the mis-legislation of the last session of Congress might to the fullest possible extent be annulled.

While the Bar of Oregon is thus deprived of one of its leading members, his fellow-citizens congratulate each other that in Judge Williams they have secured a loyal and faithful Senator. Possessed of commanding intellect and keen perception, he will be the whiffet of no disloyal associates; neither cajoling nor sophistry will make him forget or fail to discharge his duty to his constituents; nor will he swerve from fealty to the cause of Union by absence from his place during the pendency of vital issues.

It is but natural that upon the selection of one to fill the highest office in the gift of a State, there should be disappointment and heart-burnings among unsuccessful aspirants and their friends; but as it is one of the peculiarities of our form of government that every man may reasonably aspire, the good of society requires that when the popular verdict is rendered, those who are unsuccessful should acquiesce with cheerfulness, remembering that "the private station is the post of honor," and that a failure in such aspirations does not impair his private usefulness. If not as public servants we may serve our country as private citizens; and if we do our best, the station in which we act is not of so much importance.

THE GOVERNOR'S MESSAGE.—This important document, which from its length we are compelled to publish by installments in the DAILY OREGONIAN, will appear complete in the WEEKLY, and we would call the earnest attention of our readers generally to some of its suggestions. It is somehow a prevalent idea that Governors' Messages are documents which concern nobody in particular, especially outside of the Legislative Assembly before which it is read. Perhaps, in some cases, such an inference is legitimate; but we are happy to say that our Executive treats of matters without an earnest personal and general familiarity with which the best interests of our citizens throughout the State must inevitably suffer. Especially are there two subjects treated in the Message now in course of publication to which it is our duty to call attention—the educational interests of the State, and the construction of a railroad to connect the agricultural and mineral regions more immediately with the commercial metropolis of Oregon. The arguments adduced in favor of the latter proposition hardly require our enlarging upon the theme, as the recommendation is well digested, and is accompanied by logical evidence that such an enterprise would pay three hundred per cent. by enhancing the value of contiguous real property, without waiting for the first receipts for transportation of passengers and freight. The farmer and capitalist must see that with increased and consequently cheaper facilities for transportation, the limits of the market are extended, and consequently the demand for our productions are increased. As demand regulates the price, the conclusion is legitimate that the price would still remain good, while the cost of getting produce to a market by railroad would be materially lessened. Thus the producer, at present market prices, would realize more for his labor when using a railroad than he does while confined to the more arduous, dilatory and expensive means of transportation by road teams. As we shall doubtless have more to say upon this subject before long in connection with the just developing resources of the more Southern counties of the State, we will leave it for the present.

The Governor's suggestions upon the subject of education—based upon the deductions and reports of some of the best talent and experience in the country, are worthy of more notice than limited space will admit of our giving at this time. We ask the attention of parents in particular to the importance of the theme, and the necessity of giving at least as much encouragement to him who educates a score of scholars to keep books as a single book-keeper receives when thus qualified. No man is competent to teach a profession who is not competent to practice it; and hence, if parents wish their children to be properly instructed, they must pay one just as much for teaching as they could earn by practicing what they teach. We have taken the book-keeper simply as an illustration, but the principle extends through all the branches of business for which education can qualify a man. Let our public school teachers receive as much compensation for their services as the same qualifications will bring in another market, and we can have good teachers, good schools, and a noticeable and profitable progress in our schools.

Thurlow Weed is described as in New York, with lofty crest, elastic step, clear eye, smiling face, and, if any believe all [illegible], his wallet is well stuffed.

S. T.—1860.—X.

Persons of sedentary habits troubled with weakness, lassitude, palpitation of the heart, lack of appetite, distress after eating, torpid liver, constipation, &c., deserve to suffer if they will not try them.

They are recommended by the highest medical authorities and are warranted to produce an *immediate* beneficial effect. They are exceedingly agreeable, perfectly pure and harmless.

Notice.—Any person pretending to sell Plantation Bitters in bulk or by the gallon is a swindler and impostor. It is put up only in our log cabin bottle. Beware of bottles refilled with imitation deleterious stuff, for which several persons are already in prison. See that every bottle has our private United States Stamp over the cork unmutilated, and signature on steel plate side label.

"CONSTITUTION WATER,"

THE ONLY REMEDY FOR DISEASES OF THE

BLADDER, KIDNEYS,

Gravel, Dropsical Swellings,

GENITAL DEBILITY, ETC.

THE ASTONISHING SUCCESS WHICH HAS ATtended this invaluable medicine renders it the most valuable one ever discovered. No language can convey an adequate idea of the immediate and almost miraculous change which it occasions to the debilitated and shattered system. In fact, it stands unrivalled as a remedy for the permanent cure of the maladies above-mentioned, and also

DIABETES, IMPOTENCY,
LOSS OF MUSCULAR ENERGY,
PHYSICAL PROSTRATION,
INDIGESTION,
SEMINAL WEAKNESS,
GLEET, FLUOR ALBUS,

And in every disease in any way connected with the disorder or derangement of the PROCREATIVE FUNCTIONS. Persons about to marry, if conscious of any weakness, should take the

CONSTITUTION WATER,

Whether broken down by excess, weak by nature, or impaired by sickness, the unstrung and relaxed organization is at once rebraced, revivified, and built up. [illegible] may this celebrated medicine be called the

MEDICAL WONDER.

The stooping, trembling victim of depression and debility becomes a new man. He stands erect, he moves with a firm step, his mind, which was previously sunk in gloom of an almost idiotic apathy, becomes bright and active, and he goes forth regenerated, conscious of new vigor. The medicine reaches the CONSTITUTION itself and restores it to its natural state.

IRRITATION OF THE NECK OF THE BLADDER,
INFLAMMATION OF THE KIDNEYS, AND
CATARRH OF THE BLADDER,
STRANGUARY AND BURNING OR PAINFUL URINATING,
CALCULUS, GRAVEL,
BRICK DUST DEPOSIT AND MUCOUS OR MILKY DISCHARGES AFTER URINATING.

For these diseases it is truly a sovereign remedy, and too much cannot be said in its praise. A single dose has been known to relieve the most urgent symptoms. [illegible] TRY it in these cases, and you will ever give praise to

CONSTITUTION WATER.

Males or Females.

Are you troubled with that distressing pain in the small of the back and through your hips? CONSTITUTION WATER will relieve you like magic.
